MURRAY MALLEE VET CLUSTER

Vocational Education and Training Delivered to School Students (VDSS) Programs in the Murray Mallee

WHAT IS VDSS?

Vocational Education and Training Delivered to School Students (VDSS) allows secondary students to gain practical skills in a specific industry while contributing toward the completion of the Victorian Certificate of Education (VCE), VCE Vocational Major (VCE VM) or Victorian Pathways Certificate (VPC).

FEATURES OF VDSS

- VET enables students to gain qualifications for all types of employment, and specific skills to help them in the workplace.
- Undertaking VET while at school allows students to mix general and vocational education and to make a start on training for a career before they leave school.
- VET programs are typically completed over two years and provide students with a qualification or partial completion of a nationally recognised certificate.
- Students can also study VET through School Based Apprenticeship and Traineeships (SBATs).

CREDIT TOWARDS VCE, VCE VM & VPC

VCE VET programs are made up of VET qualifications approved by the Victorian Curriculum Assessment Authority (VCAA) to contribute towards the VCE, VCE VM or VPC. All VCE VET programs contribute to VCE Units that provide credit towards the VCE and VCE VM in the same way as a VCE subject. Most VCE VET programs can provide credit for VCE Units 1 to 4. A small number of shorter qualifications can provide credit for VCE Units 1 and 2 only. Each completed 90-hour block of VET equals one VPC credit.

For the most up to date information please refer to www.vcaa.vic.edu.au or discuss these details with your VET Coordinator and/or Careers Practitioner.
